## Fiscal Analysis

### ASSUMPTIONS:

#### **Department of Public Health and Human Services**

1. This bill establishes a task force in the Department of Public Health and Human Services on cervical cancer.
2. For the task force, the bill identifies the membership, establishes the number meetings to be held for the two years of the operation, and addresses the duties and reporting requirements.
3. The Cervical Cancer Task Force could be incorporated into the Montana Cancer Control Coalition's planning process. This group meets regularly and is addressing all cancer in Montana. The expertise that is requested for the task force already exists in the coalition or can be recruited to the group.
4. There is not a fiscal impact to DPHHS due to the requirements of this bill.
